Reply to the suspicion of drinking camel urine

First: The Prophet(peace be upon him) did not prescribe camel urine as a drink to enjoy, but as a medication, especially in dangerous situations, such as edema, cancer and other diseases that might lead to death.

Second, urine is not harmful to the body , as most people think. It actually takes out excess materials needed for the body in the blood: and many of them are useful substances

.

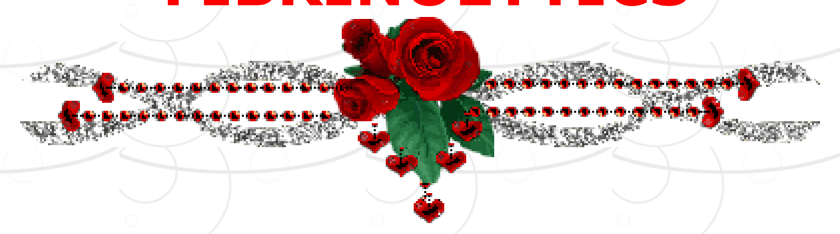

If we look in the word "URINE" : we will find that there are some medications using its components,and cosmetics as well.

Therefore, we find the name of this medication and lotions always clips like Uro or Ure or Urea, **such as**:

Premarine manufactured by Pfizer ,an American world-famous company, is used as a treatment hormonal menopausal symptoms such as hot spells, irritability, osteoporosis This medicine is taken from female horse urine!!! The letters are taken from: (Pre) gnant (mar) es ur (ine) and can be translated to : the urine of a pregnant mare.

)B) a Urologist: - a competent group to treat blood clots and its name is

FIBRINOLYTICS

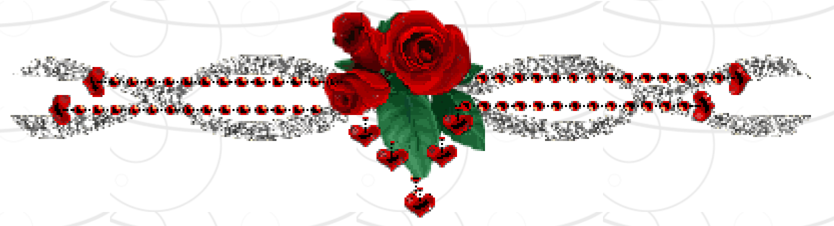

Third, there are those who drink horse urine as a medication known as (Premarin), a trade name for a drug compound mainly composed of estrogen meningitidis. It's extracted from the urine of pregnant female horses. It is manufactured by a company called (Wyeth) Medicines

(part of Pfizer Inc. since January 2009), a trader since 1942, and is available in the form of syrup.

Fourth, The most expensive coffee in the world is manufactured from the feces of cats and elephants which eats coffee absorbing its bitterness within its body .So, they extract coffee granules from their feces .Considering the previous examples , we can easily jump to the fact that no one has ever denied those medical necessaties.

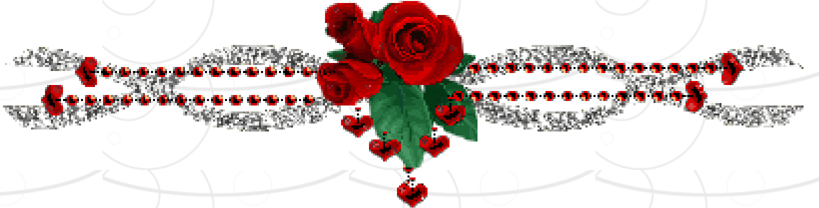

Fifth: It's stated in the Bible relating to drinking urine for treatment or anything else, including what is stated in:

)Is: 36/12) But Rabshakeh said Did my lord send me to speak these words for you and for your Lord? Hath not he sent me to the men sitting on the fence so that they can eat feces and urine with you.

This text has been repeated in (kgs2: Chapter 18 Issue 27.(

Rabshakeh said to them: Is it to you and to your master my Lord sent me to speak these words? Not to the men sitting on the fence to eat feces and drink their own urine with you?

All Praise be to Allah whose grace is beyond all our perfect good deeds
